Other Charges

Some payers allow the use of the following charges billed with telehealth services. Do **NOT** use these codes if the patient is in their home at the time of service.

- G2025 Distant site service furnished by RHC or FQHC only
- Q3014 Telehealth originating site facility fee
- T1014 Telehealth transmission fee

Place of Service (POS)

During the Public Health Emergency, the POS for telehealth services is reported based on individual payer preferences. Medicare prefers the POS as the place where the service would have taken place if performed in person instead of POS 02, along with modifier 95 to identify telehealth. Medicare patients may receive telehealth services from home.

COVID-19 codes and guidelines can change rapidly. This coding cheat sheet is current as of February 1, 2022. Visit our Resource Page and verify codes at FindACode.com for continued current information.
